Additional notes on services:

Burial vaults are required in Section I and for all double-depth graves in other sections.

Warwick Cemetery no longer sells double-depth graves. The price for a double-depth grave opening applies only to graves sold prior to discontinuation.

Warwick Cemetery is closed on national holidays and Sundays, but the superintendent can be consulted for special family or religious needs necessitating burial on those days.

Lowering device (if not supplied by vault company) is required for all caskets except baby caskets.

Monument installation and inscription fees are not included in any of the above services.

A complete price list for Cremation Garden niches and private columbaria is available for inspection at the cemetery office.

Warwick Cemetery no longer offers the service of interring decedents in mausoleums. Owners of private mausoleums must hire an outside contractor for this service.
